Following dinner, our guest speaker, Hilary Black will speak on "**The Evolving Landscape of Cannabis in Law and Medicine**".

Hilary will relate her story of civil disobedience in establishing the first medical cannabis dispensary in the country and the history and evolution of regulatory framework for medical cannabis and now legalization. She will also address the hot topic: cannabis and driving.

Hilary is a founding member of the BC Compassion Club Society, Canada's first medical cannabis dispensary. She is also a Director of Patient Education and Advocacy at Canopy Growth Corporation, Canada's largest legal producer of medical cannabis and in that role, she is responsible for outreach, advocacy and education initiatives tailored for patients, physicians and the public.
